In this session you showed a strong communicative foundation in English. Your vocabulary is wide enough for B2 conversations, and you actively attempt complex sentence structures. The main issues appeared in preposition usage (especially with dependent prepositions after verbs) and tense consistency, particularly switching between present perfect and simple past. Summary	总结
You are in the B2 range. Your communicative foundation is strong, but preposition transfer from Spanish and tense inconsistency remain the key areas for improvement. With targeted training, C1 is realistic in 4-5 months.	Your active spoken English is at the B2.1 level. This means you can communicate fluently in most situations, but prepositions and tense selection remain unstable under pressure. Your passive comprehension is higher at B2.2.

Top Problems	主要问题
1.	Verb-dependent prepositions (depend of -> depend on)
2.	Present perfect used with specific past time markers
3.	Article omission with singular countable nouns
4.	Adjective order influenced by Spanish syntax
5.	Spanish false friends (actually, realize, etc.)

Key Recommendation	关键建议
	Practice the Preposition Engine daily: form 5 sentences with verb + preposition combinations and say them out loud. This single exercise will correct your biggest structural weakness.

Next Steps	后续步骤
	Focus on verb + preposition combinations for the next 2 weeks, then move on to tense selection and false friends. Schedule a reassessment in 3 months to measure progress.
