## PRECISE PERCEPTION

## 精准感知

In this session you showed a strong communicative foundation in English. Your vocabulary is wide enough for B2 conversations, and you actively attempt complex sentence structures. The main issues appeared in preposition usage (especially with dependent prepositions after verbs) and tense consistency, particularly switching between present perfect and simple past.

在本次评估中，你展现出扎实的英语交际基础。词汇量足以支撑 B2 水平的对话，并且会主动尝试构建复杂句型。主要问题集中在介词的使用上（尤其是动词后的固定介词），以及时态的一致性，特别是在现在完成时与一般过去时之间切换时。

## STRUCTURAL STRENGTHS

## 结构优势

## Natural use of conditional structures

自然运用条件句结构

*"If I had known earlier, I would have changed my plans." — Correct third conditional."*

*"If I had known earlier, I would have changed my plans." — 第三条件句使用正确。"*

## Good command of phrasal verbs

短语动词掌握良好

*"You naturally used 'figure out', 'come up with', 'look into' — native-level collocations."*

*"你自然地使用了 'figure out'、'come up with'、'look into'，属于母语级别的搭配。"*

## Active self-monitoring and repair

主动自我监控与纠错

*"You caught and corrected several errors mid-sentence, showing strong language awareness."*

*"你在说话过程中发现并纠正了多个错误，显示出较强的语言意识。"*

## CORE STRUCTURAL INSIGHT

## 核心结构洞察

Your central pattern is preposition confusion after specific verbs. You transfer Spanish preposition logic into English: "depend of" instead of "depend on", "consist in" instead of "consist of". This is a classic L1 transfer error that needs targeted drilling to override.

你的核心问题是特定动词后介词的混淆。你把西班牙语的介词逻辑迁移到了英语中：用 "depend of" 代替 "depend on"，用 "consist in" 代替 "consist of"。这是典型的母语迁移错误，需要有针对性的训练才能克服。

## TOP 5 STRUCTURAL PROBLEMS

## 前 5 结构性问题

## 1. Dependent prepositions after verbs [Präpositionen]

## 1. 动词后的固定介词 [Präpositionen]

You consistently use the wrong preposition after verbs like depend, consist, insist, result. This is direct transfer from Spanish.

你在 depend、consist、insist、result 等动词后经常使用错误的介词，这是直接来自西班牙语的迁移。

*"It depends of the weather." → Correct: "It depends on the weather."*

*"It depends of the weather." → 正确: "It depends on the weather."*

**2. Present perfect vs. simple past** [Zeitformen]

You use the present perfect where simple past is required, especially with specific time markers like "yesterday" or "last week".

"I have visited Rome last year." → Correct: "I visited Rome last year."

**2. 现在完成时与一般过去时** [Zeitformen]

你在本应使用一般过去时的地方使用了现在完成时，尤其是在有 "yesterday" 或 "last week" 等具体时间标记的情况下。

"I have visited Rome last year." → 正确: "I visited Rome last year."

**3. Article omission with countable nouns** [Kasus/Artikel]

You sometimes drop articles before singular countable nouns, influenced by Spanish patterns.

"I need computer for work." → Correct: "I need a computer for work."

**3. 可数名词前漏用冠词** [Kasus/Artikel]

受西班牙语表达习惯影响，你有时会在单数可数名词前省略冠词。

"I need computer for work." → 正确: "I need a computer for work."

**4. Adjective word order** [Wortstellung]

You occasionally place adjectives after nouns (Spanish syntax): "the car red" instead of "the red car".

"She wore a dress beautiful." → Correct: "She wore a beautiful dress."

**4. 形容词语序** [Wortstellung]

你偶尔会把形容词放在名词之后（西班牙语语序）: "the car red" 而不是 "the red car".

"She wore a dress beautiful." → 正确: "She wore a beautiful dress."

**5. False friends from Spanish** [Wortwahl]

You use "actually" to mean "currently" (from "actualmente"), and "realize" to mean "carry out" (from "realizar").

"I'm actually working on a project." (meaning: right now) → Better: "I'm currently working on a project."

**5. 来自西班牙语的假朋友词** [Wortwahl]

你用 "actually" 表达 "目前" 的意思（源自 "actualmente"），用 "realize" 表达 "执行" 的意思（源自 "realizar"）。

"I'm actually working on a project."（想表达：目前）→ 更好: "I'm currently working on a project."

**TOP 5 LEVER CORRECTIONS****前 5 关键修正****1. Wrong: It depends of the situation. Correct: It depends on the situation.**

depend + on (not of). Spanish 'depende de' does not transfer.

1. depend + on（而不是 of）。西班牙语的 "depende de" 不能直接迁移。

**2. Wrong: I have visited Paris last summer. Correct: I visited Paris last summer.**

Specific past time marker = simple past, not present perfect.

2. 具体的过去时间标记 = 一般过去时，而不是现在完成时。

**3. Wrong: She wore a dress beautiful. Correct: She wore a beautiful dress.**

English: adjective before noun. Spanish: adjective often after noun.

3. 英语：形容词在名词前。西班牙语：形容词常在名词后。

**4. Wrong: I'm actually living in Madrid. Correct: I'm currently living in Madrid.**

"Actually" = in fact/really. "Currently" = at this moment.

4. "Actually" = 事实上/实际上。"Currently" = 目前/此刻。

**5. Wrong: I need computer for my presentation. Correct: I need a computer for my presentation.**

5. 英语中单数可数名词必须带冠词。

Singular countable nouns always need an article in English.

重新评估: 8 周

**Summary****总结**

You are in the B2 range. Your communicative foundation is strong, but preposition transfer from Spanish and tense inconsistency remain the key areas for improvement. With targeted training, C1 is realistic in 4-5 months.

### Key Patterns

1. Dependent prepositions after verbs
2. Present perfect vs. simple past
3. Article omission with countable nouns
4. Adjective word order
5. False friends from Spanish

### Key Recommendation

**Learn the 20 most common verb + preposition combinations. Write 2 sentences per day using them.**

你的主动英语口语处于 **B2.1** 水平。这意味着你能够在大多数情境下流利交流，但在压力下介词和时态选择会出现偏差。你的被动理解能力更高，达到 **B2.2**。

### 主要模式

1. 动词固定搭配的介词（depend of → depend on）
2. 在具有具体过去时间标记时使用了现在完成时
3. 单数可数名词前漏用冠词
4. 受西班牙语语法影响的形容词语序
5. 西班牙语假朋友词（actually、realize 等）

### 核心建议

每天练习介词引擎：用动词 + 介词搭配造 **5** 个句子并大声朗读。仅此一项练习就能巩固你影响力最大的重点领域。

### Next Steps

Your central pattern is preposition confusion after specific verbs. You transfer Spanish preposition logic into English: "depend of" instead of "depend on", "consist in" instead of "consist of". This is a classic L1 transfer error that needs targeted drilling to override.

### 下一步

接下来的 2 周专注于动词 + 介词搭配，然后转向时态选择和假朋友词。8 周后安排一次复评以衡量进步。
