Marko → Youssef	**Marko → يوسف**
PERCEPTION PRÉCISE	**PRECISE PERCEPTION**
Lors de cette seance, tu as montre que tu possedes une base solide en francais. Ton vocabulaire couvre bien les situations quotidiennes. Les problemes principaux sont	Luca, in this session you showed a solid foundation in German. Your vocabulary fits B2 communication, and you actively attempt complex structures. Under pressure, clear

apparus dans l'utilisation des temps (passe compose vs. imparfait) et dans le choix des articles, particulierement avec les noms abstraits.	patterns emerge: the case system with two-way prepositions is unstable, and article errors with everyday nouns persist. What stands out positively: your verb position in subordinate clauses is largely stable.
FORCES STRUCTURELLES	**STRUCTURAL STRENGTHS**
Ce que tu fais bien: Bonne maitrise de la negation	**What you do well: Solid verb-second placement in main clauses**
"Je n'ai jamais vu ce film." -- Structure ne...jamais correcte.	"Yesterday I went to the cinema." â€" Correct inversion after temporal adverb.
Ce que tu fais bien: Utilisation naturelle des pronoms	**What you do well: Good use of modal verbs**
"Je lui ai donne le livre." -- Pronom indirect correct.	"I have to get up earlier tomorrow." â€" Correct bracket structure.
Ce que tu fais bien: Vocabulaire riche pour le niveau B1	**What you do well: Active self-correction attempts**
Tu utilises des synonymes varies et des expressions idiomatiques de base.	You made multiple attempts to correct errors â€" this shows language awareness.
INSIGHT STRUCTUREL CLÉ	**CORE STRUCTURAL INSIGHT**
Le schema central de cette seance est la confusion entre le passe compose et l'imparfait. Tu utilises le passe compose pour decrire des situations continues dans le passe, la ou l'imparfait serait correct. Ce probleme est lie a l'absence d'un equivalent direct en arabe.	The central pattern of this session is the instability of the case system with two-way prepositions. You consistently use accusative even in static contexts. The engine against this: the conscious question before every two-way preposition â€" movement or position?

TOP 5 PROBLÈMES STRUCTURELS	**TOP 5 STRUCTURAL PROBLEMS**
1. Passe compose vs. imparfait [Zeitformen]	**1. Accusative/Dative confusion with two-way prepositions [Tenses]**
Tu utilises le passe compose pour des descriptions et habitudes passees, la ou l'imparfait est requis.	Two-way prepositions were used with accusative, even in static contexts where dative would be correct.
"Quand j'ai ete petit, j'ai joue au foot." -> Correct: "Quand j'etais petit, je jouais au foot."	"I am in the park (motion)." instead of "I am in the park (location)."
2. Articles partitifs [Kasus/Artikel]	**2. Gender errors with everyday nouns [Cases/Articles]**
Tu omets souvent les articles partitifs (du, de la, des) devant les noms non comptables.	The wrong article was used with common nouns. Gender determines the entire declension.
"Je veux pain." -> Correct: "Je veux du pain."	"der MÃ¤dchen" (das MÃ¤dchen) / "die Auto" (das Auto)
3. Genre des noms [Kasus/Artikel]	**3. Perfect tense with motion verbs [Cases/Articles]**
Le genre grammatical n'existant pas de la meme facon en arabe, tu fais des erreurs de genre frequentes.	Motion verbs were conjugated with 'have' instead of 'be': go, drive, come.

"le table" -> Correct: "la table", "une probleme" -> "un probleme"	"I have went." instead of "I have gone."
4. Accord du participe passe [Zeitformen]	**4. Missing sentence bracket with separable verbs [Tenses]**
Tu oublies l'accord du participe passe avec le sujet quand tu utilises etre.	Separable verbs were not separated. The prefix stayed attached to the verb.
"Elle est alle au cinema." -> Correct: "Elle est allee au cinema."	"I getup at 7." instead of "I get up at 7."
5. Prepositions de lieu [Präpositionen]	**5. Word order after temporal adverbs [Prepositions]**
Confusion entre 'a', 'en', 'au', 'dans' pour les lieux.	After time expressions at the start, the subject was not placed after the verb.
"Je vais a France." -> Correct: "Je vais en France."	"Yesterday I am to cinema went." instead of "Yesterday went I to the cinema."

LES 5 MEILLEURES CORRECTIONS LEVIERS	TOP 5 LEVER CORRECTIONS
Faux: Quand j'ai ete petit, j'ai joue au foot.	What you said: "I have yesterday to the cinema went."
Correct: Quand j'etais petit, je jouais au foot.	Clean version: "I went to the cinema yesterday."
Description/habitude dans le passe = imparfait.	Gehen is a motion verb. Perfect with sein, not haben.

Faux: Je veux pain.	What you said: "I am in the park." (using motion case)
Correct: Je veux du pain.	Clean version: "I am in the park." (location case)
Nom non comptable = article partitif obligatoire.	No movement = dative: im Park. Accusative only for direction.

Faux: Elle est alle au cinema.	What you said: "I getup at 7."
Correct: Elle est allee au cinema.	Clean version: "I get up at 7."
Avec etre, le participe s'accorde avec le sujet (elle = -ee).	Separable verbs: conjugated part position 2, prefix to end.

Faux: Je vais a France.	What you said: "...because I have no time."
Correct: Je vais en France.	Clean version: "...because I no time have."
Pays feminins = en. Pays masculins = au.	After weil the verb moves to the end. Always.

Faux: le table	What you said: "Yesterday I am to cinema went."
Correct: la table	Clean version: "Yesterday I went to the cinema."
table est feminin. Regle: les noms en -e sont souvent feminins.	Verb stays in position 2. Time first â†' subject behind verb.

Summary in Your Language

Your active spoken German is at level B2.1. You communicate fluently in most situations, but systematic structural errors appear under pressure â€" particularly with cases after two-way prepositions and article gender. Your passive understanding is higher at B2.2.

Top Problems:

- Accusative/Dative confusion with two-way prepositions â€" using accusative in static contexts
- Gender errors with everyday nouns â€" creating article error chains
- Perfect tense with motion verbs â€" using haben instead of sein
- Separable verbs not being separated â€" prefix staying attached
- Word order after temporal adverbs â€" missing inversion

Key Recommendation:

You feel it â€" you understand more than you can produce under pressure. That gap is not a weakness. It means your passive system is ready. Practice the Sentence Engine daily: 5 weil-sentences, verb consciously at the end. Pair with the Dative Trigger â€" ask 'movement or position?' before every two-way preposition.

Next Steps:

You have a 3-month window where today's patterns are still fresh. Focus on subordinate clauses for 2 weeks, then motion verbs and the case system. Book your re-assessment to measure exactly how far you've come: cal.com/marko.check/re-assessment
