PERCEPCIÓN PRECISA	**PERCEPÇÃO PRECISA**
En esta sesion demostraste una base comunicativa solida en espanol. Tu vocabulario es amplio y variado, y no dudas en intentar estructuras complejas. Los problemas	Luca, in this session you showed a solid foundation in German. Your vocabulary fits B2 communication, and you actively attempt complex structures. Under pressure, clear

principales aparecieron en el uso del subjuntivo y en la seleccion entre ser y estar.	patterns emerge: the case system with two-way prepositions is unstable, and article errors with everyday nouns persist. What stands out positively: your verb position in subordinate clauses is largely stable.
FORTALEZAS ESTRUCTURALES	**FORÇAS ESTRUTURAIS**
Lo que haces bien: Uso natural de tiempos pasados	**What you do well: Solid verb-second placement in main clauses**
"Cuando llegue a casa, mi madre ya habia preparado la cena." — Pluscuamperfecto correcto.	"Yesterday I went to the cinema." â€" Correct inversion after temporal adverb.
Lo que haces bien: Buen dominio de pronombres reflexivos	**What you do well: Good use of modal verbs**
"Me levante, me duche y me vesti rapidamente." — Secuencia reflexiva correcta.	"I have to get up earlier tomorrow." â€" Correct bracket structure.
Lo que haces bien: Vocabulario rico y matizado	**What you do well: Active self-correction attempts**
Usas sinonimos como 'destacar' en vez de 'ser importante', mostrando profundidad lexica.	You made multiple attempts to correct errors â€" this shows language awareness.
INSIGHT ESTRUCTURAL CLAVE	**INSIGHT ESTRUTURAL CENTRAL**
El patron central de esta sesion es la evitacion del subjuntivo. Donde el subjuntivo es obligatorio (despues de 'quiero que', 'es importante que', 'dudo que'), usas el indicativo. Esto es transferencia directa del ingles, que no tiene un modo subjuntivo productivo.	The central pattern of this session is the instability of the case system with two-way prepositions. You consistently use accusative even in static contexts. The engine against this: the conscious question before every two-way preposition â€" movement or position?

TOP 5 PROBLEMAS ESTRUCTURALES	**TOP 5 STRUCTURAL PROBLEMS**
1. Subjuntivo evitado tras expresiones de deseo [Zeitformen]	**1. Accusative/Dative confusion with two-way prepositions [Tenses]**
Usas indicativo donde el subjuntivo es obligatorio: 'Quiero que vienes' en vez de 'Quiero que vengas'.	Two-way prepositions were used with accusative, even in static contexts where dative would be correct.
"Espero que puedes venir." → Correcto: "Espero que puedas venir."	"I am in the park (motion)." instead of "I am in the park (location)."
2. Confusion ser / estar [Wortwahl]	**2. Gender errors with everyday nouns [Word Choice]**
Usas 'ser' para estados temporales donde 'estar' es correcto: 'Soy cansado' en vez de 'Estoy cansado'.	The wrong article was used with common nouns. Gender determines the entire declension.
"La puerta es abierta." → Correcto: "La puerta esta abierta."	"der MÃ¤dchen" (das MÃ¤dchen) / "die Auto" (das Auto)
3. Preposiciones: por vs. para [Präpositionen]	**3. Perfect tense with motion verbs [Prepositions]**

Confundes 'por' y 'para' sistematicamente, especialmente para expresar finalidad.	Motion verbs were conjugated with 'have' instead of 'be': go, drive, come.
"Estudio por aprobar." → Correcto: "Estudio para aprobar."	"I have went." instead of "I have gone."
4. Concordancia de genero con adjetivos [Kasus/Artikel]	**4. Missing sentence bracket with separable verbs [Cases/Articles]**
Olvidas la concordancia de genero, especialmente con adjetivos que no terminan en -o/-a.	Separable verbs were not separated. The prefix stayed attached to the verb.
"La situacion es dificil" — correcto, pero "La ciudad es grande" se convierte en "El ciudad es grande".	"I getup at 7." instead of "I get up at 7."
5. Uso excesivo de 'que' como conector [Wortstellung]	**5. Word order after temporal adverbs [Word Order]**
Usas 'que' como conector universal donde otros conectores serian mas precisos.	After time expressions at the start, the subject was not placed after the verb.
"Es una empresa que tiene problemas que son dificiles." → Mejor: "Es una empresa con problemas dificiles."	"Yesterday I am to cinema went." instead of "Yesterday went I to the cinema."

Summary in Your Language

Your active spoken German is at level B2.1. You communicate fluently in most situations, but systematic structural errors appear under pressure â€” particularly with cases after two-way prepositions and article gender. Your passive understanding is higher at B2.2.

Top Problems:

- Accusative/Dative confusion with two-way prepositions â€” using accusative in static contexts
- Gender errors with everyday nouns â€” creating article error chains
- Perfect tense with motion verbs â€” using haben instead of sein
- Separable verbs not being separated â€” prefix staying attached
- Word order after temporal adverbs â€” missing inversion

Key Recommendation:

You feel it â€ you understand more than you can produce under pressure. That gap is not a weakness. It means your passive system is ready. Practice the Sentence Engine daily: 5 weil-sentences, verb consciously at the end. Pair with the Dative Trigger â€ ask 'movement or position?' before every two-way preposition.

Next Steps:

You have a 3-month window where today's patterns are still fresh. Focus on subordinate clauses for 2 weeks, then motion verbs and the case system. Book your re-assessment to measure exactly how far you've come: cal.com/marko.check/re-assessment
